Official photographer to music legend David Bowie, Denis O'Regan presents a personal edit from his unrivalled collection of photographs. Accompanying Bowie on two world tours and enjoying a decades-long relationship with the star, no one photographed Bowie more than Denis O'Regan. As Bowie himself once remarked, 'Denis, Rock 'n' Roll is in your blood'.

From the door of Olympic Studios, where Bowie recorded *Diamond Dogs* in 1974, to live stadium shows in the 1990s, Denis's full archive is at last opened and many unseen images revealed for the first time. With a foreword by guitarist Carlos Alomar, who collaborated with Bowie throughout his career, ***David Bowie by Denis O'Regan*** tells Bowie's musical story in pictures with O'Regan's own words relaying his experience of documenting that incredible journey.

Author of the hugely successful *Ricochet: David Bowie 1983* (Particular Books, 2018), O'Regan has toured with the biggest stars from The Rolling Stones and Queen to Pink Floyd and Duran Duran, to name a few. But it is his photographs of David Bowie, taken over two decades at over 200 concerts worldwide, that he is best known for. David Bowie the showman and David behind-the scenes, O'Regan has captured it all in this showcase of one of the world's most talented performers.

Denis O'Regan documented the punk explosion of the mid 1970s, toured Europe with the Rolling Stones on their only tour of the eighties and covered David Bowie's entire *Serious Moonlight* world tour. In the nineties, Denis shot Pink Floyd's final tour, and into the 21st century was commissioned as the official photographer to the Coachella, Download and Glastonbury festivals. He has been published and exhibited globally and produces limited edition books and fine art prints, which are available at his London gallery. His *Ricochet: David Bowie* boxset is featured in the Victoria & Albert's permanent collection. Denis's other books include *Ricochet: David Bowie 1983* (Particular Books, 2018) and *Duran Duran: Careless Memories* (ACC Art Books, 2022).
