- The tasteful, suggestive black and white boudoir style became the trade mark of photographer Annelore Desmet
- In a playful and sensual way she captures the uniqueness of every woman in front of her lens

Leave the Light on is Annelore Desmet's tribute to women. Her captivating images are like poetry without words, but their beauty goes beyond the pretty picture. Suggestive and mysterious, these photographs tell a compelling story of authenticity, seduction and feminine power. Annelore Desmet knows better than anyone that beauty is more than skin deep. With her trusted camera and light as her sole ally, she manages to meticulously capture every model's essence, uniqueness and energy. For Annelore, photography is more than a craft. It is an intuitive journey wherein she completely surrenders to her instincts and embraces the moment. Or, as Henri Cartier-Bresson once said: *"It is an illusion that photos are made with the camera… they are made with the eye, heart and head."*
