- The perfect tool to develop outlets for both emotional and artistic expression
- Illustrations suitable for a wider-than-usual range of abilities!

Unicorns! Each page is an invitation for self-expression through creative and imaginative colouring. In several illustrations, more white space is deliberately left for children to complete with the patterns or characters of choice. An added bonus: the varying difficulty of the drawings makes the colouring book suitable for both beginner and more experienced colourers! Ages 6+

Camilla Garofano was convinced she wanted to design theatre costumes for the rest of her life until she found immense satisfaction in drawing little creatures and imaginary worlds. Garofano now works with digital media and children's illustrations.
