- The ultimate unofficial guide to the 2019 Women's World Cup in France!

The Women's World Cup began on June 7, 2019 – and it promised to be the most exciting one yet. This book will tell you all you need to know about the 24 national teams competing for the top spot, from established powerhouses like Team USA (the defending champions) and Germany (gold medalists at the 2016 Olympics) to newcomers like Chile. It will give you the inside scoop on the top players in the tournament – like Megan Rapinoe of the USA and Marta of Brazil – and their strengths and weaknesses. It will take you on a whirlwind tour of host country France and the World Cup venues – like the 59,000-seat Parc Olympique Lyonnais, where the semifinals and finals will be played. And it will catch you up on the history of the Women's World Cup, from the first eight-team showdown in China in 1991 to the clash of 24 seasoned squads in Canada in 2015. *Women's World Cup 2019* even includes handy fill-in brackets so you can track the progress of your favourite teams in the tournament.
