- A collection of the best automobile drawings by Belgian architect and illustrator P. Van der Stricht

Patrick Van der Stricht, author of this book, is an architect, illustrator and Belgian. He began drawing when he was a boy and has never stopped. This book is a collection of his best automobile illustrations, from the most realistic and romantic to the zaniest. His love of drawing and cars is nourished by his equally extensive knowledge of the history and technique of the automobile, spiced up with his boundless imagination and humour. Most of the drawings are accompanied by a short explanatory text or narrative.
