- This book shows baby animals in their original sizes
- Presented as baby animals appear in nature
- Suitable for ages 6 years and up
- Big format volume (380 mm x 285 mm)

Everyone loves baby animals! Cute, tender and a bit goofy, the baby animals of each species are naturally born funny. This book shows the baby animals in their original sizes, showing them as they appear in nature. Page after page, the reader will be surprised by the details and characteristics of each baby, while learning everything about their behaviours and physical development. The latest title of our bestselling *100% Full Size* series. After animals and bugs, children will learn from the pages all the real sizes of the cute baby animals included in this big format volume. Ages: 6 plus

Valter Fogato is an advertiser, graphic designer, illustrator and author of not only scientific educational works, but also for museums and natural parks, where he set up dioramas and panels. **Isabella Grott** obtained a BA in graphics at the Beaux Arts Academy in Florence and graduated at the Nemo Academy of digital arts. She collaborates with various publishers to create illustrated books, on paper and digital, and she teaches at the Nemo Academy in Florence.
