- A collection of inventive and powerful buildings by a2o

Jo Berben, Ingrid Mees and Luc Vanmuyssen are the founders of the Belgian architectural team a2o, with offices in Brussels and Hasselt. Their buildings are powerfully and inventively integrated into the mostly urban environment. Their forms and details are reduced, creating a meditative atmosphere. De aedibus international is a series on contemporary, highly qualified European architects and architecture; an archive of carefully selected buildings and projects.

Text in English and German.
