Montreal is so much more than its old world architecture and love of wine and cheese. The Quebecois metropolis is bursting with enough *joie de vivre* to make just about anyone want to get out and explore its cobblestoned and pothole-ridden streets — and true Montrealers know that the city has its own unique identity and quirks that place it in a league all its own.

Spend a wine-fuelled *cinq à sept* with a ghost at the city's oldest bar. Get up close and personal with a life-like portrayal of Benito Mussolini. And go skating in the middle of the downtown core — any time of the year.

This guide comes as a love letter to Canada's largest French-speaking city and everything it has to offer its residents and travellers. Visiting and full-time Montrealers alike will be pleasantly surprised by what can be discovered beyond the cobblestone and steeples if only you're willing to take the side streets.

**Kaitlyn McInnis** is a Montreal-based travel writer committed to helping you plan your next holiday. Her work has been featured in international publications across five continents, including *Condé Nast Traveler*, *Travel + Leisure*, *South China Morning Post*, *CNN.com*, *Tatler*, and more. She holds a Bachelor of Arts focused in English Literature and Irish Studies from Concordia University and is currently working toward a Master of Fine Arts from the University of King's College in Nova Scotia.

**Bethany Livingstone** is an international photographer, who has shot everything from Toronto Startup Fashion Week to the people and architecture of the Parliament of Canada and other high-profile political portraits. She has flown to Hawaii to photograph helicopters, and to the coasts of New Zealand to capture travel images. Though she has exchanged her backpack for a fixed address, she routinely hops on a plane for exciting projects that push the boundaries of her work. Bethany's images are filled with passion, pain, and knowledge to bring the viewer a deeper understanding and compassion for what they see through her lens.
