Since 2003, the Lenzburg-based team led by André Meier has been continuously working on intelligently designed housing and commercial buildings in Malers and supplementary buildings within the historical prison facility in Lenzburg. These buildings have very special requirements. Any architectural firm that wants to tackle them needs experience and talent. Am-architektur, celebrated for the timeless, innovative and suitable solutions they provide to practical problems, is more than worthy of the job.

Text in German with English translation sheet.
