- A history of the temples and an invaluable companion guide

The Khmer civilization centred on Angkor was one of the most remarkable in Southeast Asia. Between the 8th and the 13th centuries, a succession of Hindu and Buddhist kings created magnificent temples in stone adorned with elaborate carvings. **Ancient Angkor** embodies the fruits of a collaboration between renowned French scholar, Claude Jacques, and photographer Michael Freeman.

Temples are grouped into easy-to-visit itineraries, and with comprehensive plans, useful hotel and travel information, **Ancient Angkor** is an invaluable companion guide.
