- Captures the intimate and entertaining moments in the daily life of young animals
- The chunky, three-dimensional quality of this tiny book is perfectly suited to the lively nature of its subject matter

Taken in locations around the world, the images in this appealing volume bring to life the playful natures, endearing vulnerabilities, and irresistible brand-newness of a wide range of baby animals. At once heartwarming and enlightening, **Baby Animals** features pictures that capture intimate and entertaining moments in the daily life of young animals. The chunky, three-dimensional quality of this tiny book is perfectly suited to the lively nature of its subject matter.

A founding member of Milan's Museum Educational Association, **Angela Serena Ildos** has written several children's books on wildlife and domestic animals. She has co-authored White Star's *Great National Parks of the World*.
