- Up-to-date survey of award-winning contemporary architecture in Austria
- Around 170 projects are presented through concise text, images and plans, in an attractive book design
- A critical essay offers an analysis of Austrian architecture from an external perspective

Since 2008, the Viennese museum Architekturzentrum Wien has published *Best of Austria*, a biennial volume dedicated to the award-winning architecture developed in Austria or by Austrian architects. This new edition of *Best of Austria* brings together 170 projects, from public buildings and spaces to offices, educational facilities, and single-family homes. Each entry includes full-colour images and a floor plan, section, or elevation, as well as a brief description of the project. Rounding out the volume is a critical essay on contemporary Austrian architecture. All of the country's major architectural prizes are accounted for in this large and well-illustrated volume, making it a valuable up-to-date survey of contemporary architecture in Austria. Text in English and German.

**Architekturzentrum Wien** is Austria's national architecture museum and has gained international recognition for exhibitions showcasing 20th and 21st-century architecture and urban design.
