• Beautifully packaged, and part of the Best of series, **Best of Playboy France** celebrates the magazine that has reputation for beautiful photographs and engaging articles

The best of *Playboy France*: Le *Mook*. Glamorous, trendy, the magazine has a cult following, and stirred controversy in 2023 when it put a sitting French minister on the cover, creating a worldwide buzz. Artistic photographs of beautiful models, captured by the lenses of some of the world's greatest photographers grace the pages, alongside texts written by some of the most important voices of our time, on subjects such as politics, business, culture, and the media.
