In Vietnam the motorbike is the main mode of transport, not only for people but for every imaginable and unimaginable product and produce. Without the motorbike the economy would grind to a halt. *Bikes of Burden* shows in 182 stunning, full colour photographs how the motorbikes, the drivers and their loads ride around the cities and countryside in acts that defy your wildest imagination. A photographic record of life in modern-day Vietnam. Colourful and quirky, it captures everyday life at street level, the life of a city and its people.

"A must-read for anyone interested in Vietnam today." **Senator Max Baucus, US Senate Committee on Finance**
