- After the success of TOUR PARIS 13, Mehdi Ben Cheikh's new "crazy" street art project in Paris: an open-air museum visible from the elevated metro line n°6 in the 13th arrondissement
- The reference book of Boulevard Paris 13, featuring the world's greatest street artists, in an edition enriched with 48 walls
- A reference book that gathers the greatest international urban art artists, such as Shepard Fairey, D\*Face, Invader, C215, Seth, Roa, and more

After Tour Paris 13, a spectacular new project has come into being in Paris. The elevated section of metro line 6 now passes through an "open-air museum" all along the Boulevard Vincent Auriol: Boulevard Paris 13 with its immense murals, executed by the greatest international artists, and which can be viewed as if in a gallery of a gigantic museum.

You can enjoy or repeat this unparalleled experience through a richly illustrated book that relates the genesis and making of the project!
