- A multidisciplinary exhibition and events project in collaboration with 10 artists and 5 Brussels-based organisations

CENTRALE presents **BXL UNIVERSEL II: multipli.city**, a multidisciplinary exhibition and events project in collaboration with 10 artists and 5 Brussels-based organisations. On the occasion of its 15th anniversary, CENTRALE celebrates its city, its artists and its inhabitants with the project **BXL UNIVERSEL II: multipli.city**. This exhibition-forum takes the form of a patchwork of singularities and paths, through the proposals of 10 artists who chose to live in Brussels – and includes not-for-profit organisations working within the city. Questioning both the strata of cosmopolitan Brussels, and the living-together woven into it, the art centre opens its space to all, exchanging and sharing artistic and participative processes.
