- Six unique sliders offering an unexpected surprise at each turn
- A main character young readers can relate to
- Storylines designed to support children during two difficult early childhood transitions

Bye Bye Diaper and *Bye Bye Pacifier* are two board books designed to support children during two difficult early childhood transitions: leaving the diaper and the pacifier. The main character is a bunny most children can relate to – unfamiliar with the potty and unwilling to part with his pacifier. Bunny acknowledges his fears and begins a journey that leaves him feeling empowered and excited by these life transitions. In addition to a relatable protagonist and narrative, these board books are physically designed to engage children with a unique slider on each page – discovery of the novelty will offer an unexpected surprise at each turn! Ages: 0 to 3
