Successfully so, because each year the call results in a wealth of cartoons. Some are hilariously funny, others cleverly sharp.

Cartoons 2026/2027 collects the hundred best cartoons of the past contest in one book. It is the accompaniment to the yearly Cartoonfestival during the months of March, April and May, in Knokke-Heist in Belgium. ***Cartoons 2026/2027*** is a sought-after book for avid cartoon fans and the mix of styles and themes will appeal to anyone with a love of the genre. This year, the cartoon book was given a new look, so that it can face the future all refreshed.

Cartoonfestival Knokke-Heist is a much-visited cartoon fest in Belgium during the summer months. Every year, the event organises the Golden Hat contest, a cartoon competition which produces several thousand cartoons by dozens of cartoonists from as many different nationalities.
