Florist Daniel Santamaría's Christmas decor and flower arrangements are unique. They combine unexpected colours and materials without losing the traditional twinkle or the festive spirit of the holiday season. His style is tasteful and subdued, steering clear of the over the top 'Kitschmas' decor. Scented centrepieces, evergreen wreaths, festive garlands, table pieces with a twist, glittering ornaments,... this book brims with extraordinary ideas to make the house bloom with holiday cheer. It is the perfect gift for the green-thumbed party host(ess) and an inspirational treasure trove for those who are passionate about the holiday season.
