- Becoming Photography looks back at the more than 30-year-long career of the Canadian artist Chuck Samuels (*1956)

Becoming Photography looks back at the more than 30-year-long career of the Canadian artist Chuck Samuels (*1956). Samuels often photographs or films himself to explore the themes of memory, photography, and cinema. This catalogue contains analytical essays by Mona Hakim and Joan Fontcuberta. Hakim, a close colleague of Samuels, observes all of the artist's serial work, while Fontcuberta analyses the presence of truth and falsehood in his oeuvre.
