- A fascinating exploration of the art of collecting dinosaur-related prints and objects
- An exceptional collection of prints, photos, drawings, and micrograph scans
- By the author of *Wonders are Collectible* and *Wunderkammer*

Dinosaur skeletons, eggs, bones, and fossils have become increasingly coveted objects for collectors. ***Dinosaurs are Collectible*** explores the reasons for their popularity and tells the stories behind the many illustrious finds from the past. This beautifully illustrated and printed publication by the author of *Wonders are Collectible* and *Wunderkammer* includes a chapter devoted to dinosaurs in both high and popular culture, and features an exceptional collection of prints, photos, drawings, and micrograph scans.

Thijs Demeulemeester is a Belgian lifestyle journalist, specialising in the arts and architecture. He previously wrote books such as *Wunderkammer – An exotic journey through time* and *Wonders are collectible - The beauty of beetles, bugs and butterflies.* **Koen Stein** is a researcher specialising in vertebrate paleontology and dinosaur paleobiology. He is a member of the educational service of the Royal Belgian Institute of Natural Sciences (RBINS).
