For the third instalment of the best-selling *Don't be a Tourist* series, the author takes us to her hometown to rediscover the personal joy of travel, following our instincts – not the tour buses. Each episode's journey has its own mood, inspired by different traveller mindsets shaped by life's relatable challenges and familiar emotions like heartbreak, career hurdles or strong personality quirks.

This book will encourage the wanderer within. It is a true traveller's companion as much as a beautifully-designed collectable for your bookshelf. Within the pages of this beautifully bound hardback, you will find...

London-raised, Franco-American writer and creator **Vanessa Grall** (aka Nussy), signs off her emails as the "founder/ janitor" of Messy Nussy Chic. The personal blog turned cult online wunderkammer is an editorial vault of inspirational content and travel secrets, described by *Condé Nast Traveler* as "a trawl of fascinating places and people, past and present". Her media brand has built a significant social media presence of well over a million followers across Facebook, Instagram and Tik Tok, and averaging 1.5 million monthly views on MessyNussyChic.com. For Nussy, tourists are not the enemy – but rather, she strongly believes that we're all capable of becoming accidental roaming detectives; seekers of stories and collectors of local secrets. On a mission to reprogram the way we travel, in 2017 she wrote her first book *Don't be a Tourist in Paris* which became an instant best-seller, followed by the matched success of *Don't be a Tourist in New York*. For the third instalment of the best-selling *Don't be a Tourist* series, the author takes us to her hometown of London. Nussy has an eye for the iconic, the intriguing, the off-beat and beguiling. Whether it's your first time in London, your second home, or you are yourself a Londoner, this book changes the rules.
