- This title presents Desert X: the first Ducati specifically dedicated to off-roading

By retracing the salient moments through the words of its protagonists, this book illustrates the DesertX project: the first Ducati specifically designed for off-roading. A bike built to transform our wildest travel dreams into reality, DesertX is not just enjoyment, performance and the timeless appeal of legendary Dakarian feats. It is also a design challenge, creative rather than solely engineering-based, that harnesses all the Borgo Panigale manufacturer's technological passion and developmental drive.
