- Beautifully illustrated oversize volume

In 2026, Ducati celebrates a historic milestone: 100 years of innovation, passion, and racing spirit. This book looks back on a century of history through one hundred defining moments that have shaped the Ducati we know today. From unforgettable achievements on the track and on roads around the world, to groundbreaking innovations that changed the way motorcycles are designed and built, and the unmistakable design that has made Ducati an icon.

Alongside these stories are the voices of the people who have been part of the Ducati world—riders, engineers, designers, enthusiasts, and many others. Each brings a unique perspective, creating a rich collection of memories and experiences that captures the true spirit of the brand.

For 100 years, Ducati has stood for the courage to push beyond limits, the ingenuity to find new solutions, and a passion that knows no boundaries. These pages celebrate not only the first hundred years of an extraordinary journey, but also the energy that continues to drive Ducati toward the future.
