- This book takes a closer look at the career highlights of Lausanne-based architect couple Alfonso Esposito and Anne-Catherine Javet

Since 2003, the Lausanne architectural couple Alfonso Esposito and Anne-Catherine has been working persistently on a respectable oeuvre of public buildings and housing. With great respect for the relevant location and the functional requirements of the building task, they find fitting figures and inspired materials that ultimately lead to an appropriate, poetic expression.

Text in German and French.

Heinz Wirz is the founder of Quart Architecture. His dedicated documentation of the architectural profession is widely celebrated, both in Switzerland and abroad. He is known for highlighting the best young architects in the business, treating every firm with the same respect.
