- Since 2009, the two Basel architects Fabio Felippi and Thomas Wyssen have completed several fine buildings and conversions

Since 2009, the two Basel architects Fabio Felippi and Thomas Wyssen have completed several fine buildings and conversions. They are precise structures that have been developed with extreme care out of themes such as structural presentation, conscious tectonics, typological clarity and a meticulous materialisation that alternates between coarse qualities and elaborate surface treatment.

Text in English and German.
