Fishing is the inaugural volume in *Worlds of Wisdom: The Art of Living, One Insight at a Time*, a beautifully illustrated series that delves into timeless wisdom and ancient practices. Curated by Asher Erskine, this volume explores the serene art of fishing through a collection of proverbs, quotes, and reflections, inviting readers to immerse themselves in its contemplative nature. Each page is paired with bespoke illustrations, thoughtfully designed to evoke a deeper connection to the practice, whether you are a seasoned angler or a newcomer to the art. Through these reflections, Fishing offers an inspiring journey into patience, mindfulness, and the profound wisdom that lies beneath the surface of everyday life.

This first volume sets the stage for a series that will explore life's timeless practices—starting with fishing, followed by volumes on design and walking in the coming years.

Asher Erskine is an award-winning multidisciplinary designer based in London, United Kingdom. He currently serves as the Head of Design at E1 Series, the world's first electric race boat championship.
