- Floral designer Marco Appelfeller and photographer Hing Ang team up to create a floral universe beyond dreams

Floral art as you have never seen it before. In *Flora Mythica* floral designer Marco Appelfeller and photographer Hing Ang team up to create a floral universe beyond dreams. Stories from Greek mythology, fairy tales by Hans Christian Andersen, the Brothers Grimm and other classics are brought to life in a magical fantasy world of flowers. Enter hidden caverns, explore forbidden forests and dive down the rabbit hole to discover Marco's creative wonderland inhabited by mythical and sometimes fearsome creatures. Marco Appelfeller's imagination is just as vivid and colourful as his floral art. His impeccable designs, that seem to defy what we can imagine as possible, are equalled by the book's magnificent photography. *Flora Mythica* is a masterpiece testifying of craftsmanship and creativity and has it all to become a classic, just like the age-old fairy tales that inspired it. Text in English and German.
