Pages	94 Pages
Illustrations	80 color
Price	£30.00

- The venerable material has even become a trendsetter; as the *New York Times* recently reported, “Bricks Return with Style in New High-End Buildings”
- Following the popular first volume of *Folio*, **Folio 2** features the most inspiring new brick buildings in North America and Australia

Brick has long been a trusted material, used worldwide by builders who appreciate its strength and versatility. It offers proven value to both traditional works and contemporary designs. The venerable material has even become a trendsetter; as the *New York Times* recently reported, “Bricks Return with Style in New High-End Buildings.” Following the popular first volume of *Folio*, **Folio 2** features the most inspiring new brick buildings in North America and Australia. Here single-family homes, university buildings, cultural centres, showroom interiors, and more show the possibilities of brick. Each project uses material manufactured by Glen-Gery in a variety of shapes, colours, and textures, from conventional brick to glass brick to custom-designed brick for unique implementations. The buildings are thoroughly documented in photos and drawings, and with texts based on new interviews with their designers — a who’s who of both up-and-coming and established architecture firms.

Clare Jacobson is a San Francisco-based writer and editor on architecture and design. She is author of the books *Folio* and *New Museums in China* and co-author of *Jigsaw City* and Karlssonwilker Inc.’s *Tell Me Why*. Jacobson was a contributing editor to *Architectural Record*, and her articles have also appeared in *Interior Design*, *Engineering News Record*, *Landscape Architecture*, and other magazines

Glen-Gery Corporation, part of Brickworks Limited of Australia, is a premier brick and stone manufacturer offering the most diverse product portfolio of more than 600 brick and stone products. For more than a century, Glen-Gery has provided high-quality building products that meet both innovative design challenges and demanding construction specifications. Through technology advancements and product innovations, Glen-Gery delivers a premium product line that caters to the high-style needs of today’s architects, designers, and homeowners. Founded in 1890, Glen-Gery is headquartered in Wyomissing, PA.
