- The history of the "it"-bag: This book is a must-have for all fashionistas!
- For bag fans, anyone who wants to learn more about women's most important accessory, and men looking for the perfect gift

*"Whether it is a behind-the-scenes look at how these classic styles came to be or taking a front-seat look at how iconic women taught us how what it means to accessorize, this is a must-have for fashion lovers."* — **BELLA magazine**

Women love handbags because they are a perfect vehicle — not just for keys, credit cards, and lipstick, but also their dreams and desires. Luxury labels made the humble bag into a billion-dollar business in the 20th century, but the bag is more than just a status symbol. Because it is constantly being reinvented, it wields a greater influence on everyday fashion than any hemline or silhouette.

**For the Love of Bags** is a homage to the power of the handbag: from icons like the Kelly Bag, the first "must-have" item ever, to popular Paris fashion house labels and the latest Instagram stars, this book details the history of the "it" bag and decodes the messages handbags communicate.

Text in English, German and French.
