- A profile of Swiss practice Fritschi Beis
- Fully illustrated with approximately 40 images and 20 plans

The architecture of the Bern-based practice ***Fritschi Beis*** transforms landscapes, spaces and buildings, giving them a new quality. In doing so, the practice unites familiar and contemporary aspects, inspired by the diversity of our society. For example, the renovation of the famous concert hall “Mühle Hunziken” in Rubigen continues to weave the unique dialogue between art, local “Brocki” stores and architecture in its very unique vocabulary.

Text in English and German.
