- Pascal Guignard and Stefan Saner have produced coherent, impressive work that includes architecturally and spatially inventive, high-quality, meticulously refined residential buildings and hybrid structures

Since the famous, cubic landmark beside the Gotthard South motorway service station was built in 1998 following an international competition, Pascal Guignard und Stefan Saner have produced coherent, impressive work that includes architecturally and spatially inventive, high-quality, meticulously refined residential buildings and hybrid structures. Text in English and German.
