"I'm incredibly lucky to have an environment where I feel comfortable being myself" – Harry Styles.

Stepping bravely into the cyclone of 21st-century fashions, Harry Styles is more than weathering the storm. Whether he's breaking the internet with his $7.99 frog-eyed yellow bucket hat or a pair of black fishnets, or fronting cult magazine *The Beauty Papers*, as he did in March 2021, Hazza's sparkle knows no boundaries.

Gucci met Styles in 2014, and there was instant chemistry. According to designer Alessandro Michele, Harry is 'a young Greek God with the attitude of James Dean and a little bit of Mick Jagger' – and that effortless superstardom certainly radiates from the photos in this collection, which document the heart of Harry's wardrobe, both on-stage and off.

Part fashion history lesson, pulling references from the rock and roll greats of the past, and part innovation, Harry's style pays homage to Kurt Cobain and Marc Bolan, Prince and Little Richard, while developing into something authentic and entirely his own. This chic book fizzles with facts about Harry's styling choices, presenting the star's most revered looks alongside pictures that trace the roots of each design. With quotes from key designers, this is the perfect gift for any fan.
