Experience the world of Henri Matisse like never before. Matisse (1869-1954) is one of the most celebrated names in art history, a revolutionary, 20th-century master. In his later years, the Frenchman concentrated his efforts on constructing images using his vividly colourful paper cutouts. Armed with white paper, gouache and a pair of scissors, he created a rich world teeming with plants, animals and organic forms. Now, the ***Henri Matisse: Sticker Book*** will forever change the way you look at these late masterpieces.

Featuring 760 stickers inspired by his famous paper cut-outs, as well as 75 reproductions of the original artworks, this unique, tactile book allows you to interact with Matisse's images and immerse yourself in the dancing foliage, stylised corals and refined silhouettes of his most distinctive era.
