- Presents 40 carefully selected highlights from the Frans Hals Museum's collection
- Covers six centuries of art — from Old Masters to contemporary works
- Features Dutch and international artists across multiple disciplines: painting, photography, and video art
- A compact, beautifully designed introduction to one of the Netherlands' most renowned museums
- Ideal for art lovers, museum visitors, and those interested in Dutch cultural heritage

Highlights of the Frans Hals Museum presents a richly illustrated selection of 40 masterpieces from the diverse and expansive collection of the Frans Hals Museum in Haarlem. Spanning six centuries of art, the book highlights works ranging from Old Masters to contemporary installations — including painting, photography, and video art. Both celebrated Dutch artists and internationally renowned names are represented, offering a vivid impression of the museum's unique character and curatorial vision. Designed as both an introduction and a lasting memento, this compact volume appeals to art lovers, museum visitors, and anyone interested in Dutch cultural heritage. With its accessible bilingual format (Dutch and English), high-quality reproductions, and thoughtful presentation, the book invites readers to discover — or revisit — the stories and treasures held within one of the Netherlands' most renowned museums.

Text in English and Dutch.
