Sumptuously illustrated with photographs and room schemes that are bound to inspire, *Homes with Soul* is the definitive interior design guide from renowned designer, Orly Robinson. This stunning book showcases inspiring images of the room schemes of some of her latest projects. Offering invaluable advice on creating beautiful aesthetic spaces for making a home. Robinson shares her inspirational tips and advice to help you with your next home-decorating project, however big or small in scale, to ensure it is functional, beautifully designed, and provides an interior that blends seamlessly with any landscape or outdoor environment, and which suits the way you live. Robinson provides expert guidance on her use of colour, texture, lighting, furniture, art and other decorative elements to create a comfortable and elegant home that imbues an emotional response, and resonates with those looking to create a stylish and cosy sanctuary at home.

Orly Robinson is a author of more than 10 books on interior design. She creates works that blend the different worlds of interior design, architectural innovation, and art. Robinson studied architecture in high school and helped her father in the family business as he designed villas and private homes, in Israel. Later on, she felt a burning desire to explore design in book form, one topic at a time. As a result, Robinson's lushly photo-illustrated works are often bestsellers. Her work covers a wide variety of styles and design solutions. Her titles focus intimately on the multi-faceted design elements for each room of a private house or apartment, including the main living spaces, kitchen design, and general garden design. She has created books on children's room and garden design in Israel, including modern minimalist abodes. The Robinson collection of books also includes an inside look at 40 avant-garde restaurants and cafes; portraits of the life and work of Israeli architects Saadia Mandel and Jonathan Monjack; and a 550-page tome devoted to outstanding Israeli designers working in fashion, ceramics, jewellery, accessories and interior design.
