- A photographic homage to the horse
- A unique slant on capturing the equine essence; these stunning photographs illuminate the natural beauty of the horse

*“Bob Tabor’s images of horses are simply amazing. Striking. Gorgeous. And incredibly unique. I would say impossible, but here they are before my eyes”* – Joe Camp, Author of the best seller *The Soul of a Horse: Life Lessons from the Herd*. *“Illuminated only by natural light, the beautiful images in Horse Whisperings ignite the viewer’s imagination and give a unique insight into the world of the horse”* – Horse and Rider Magazine The photographs in this book reflect Bob Tabor’s unique intimacy with horses. Each portrait combines the inner strength, spirit and gentle power of nature’s most beautiful athlete. Only natural light is used to illuminate every muscle, every hair, every sinew, as Bob’s aim was to meet his subjects on their own terms. In turn, his subjects have allowed him to capture their very souls; he’s given the horses a voice and allowed them to speak for themselves.
