Think you know about the Impressionists? Louvre Abu Dhabi, in partnership with the Musée d'Orsay, invites you to think again with ***Impressionism: Pathways to Modernity***, one of the most significant Impressionist exhibitions ever to be held outside France.

Featuring pioneering works by Manet, Degas, and Monet, Pissarro, Renoir, and Cézanne, the exhibition brings together more than 150 masterpieces alongside etchings, costumes, film and photography to explore why Impressionism was considered so shocking in the 19th century and how it paved the way for the artistic revolutions that were to come.
