Through photographs and reflections, ***India: A Journey into the Ephemeral*** explores the sacredness hidden in everyday life, in gestures and in dusty silences. Seemingly insignificant details reveal the essence of a tangible spirituality. It is a matter of perspective, of knowing how to see beyond the dust and into the silence. The pages unfold like a journey through the ephemeral – through petals and faces, through flaking gold and the peeling colours of weathered walls. Each photograph captures a fragment of a millennia-old culture in which kites fly alongside the light, white ashes rising from bonfires.

Text in English and Italian.
