Price	£24.95

- A must-have for flower and tattoo addicts, this book unites body art with a floral aesthetic
- Features the work of internationally renowned tattoo models and make-up artists, alongside the author's own impressive flower arrangements

Growing up surrounded by flowers, floral art has been a thread in the life of Sarah Willemart Bauer since childhood. Tattoo art, with its rich plethora of new styles, is a more recent passion. Through this work the author wanted to merge two art forms that fascinate her: the art of flower design and the art of the tattoo. ***Inked & Blossom*** is a synthesis of divergent worlds, wherein both arts are allowed to complement and nourish each other, rather than being placed in opposition. For this unique project, Sarah Willemart Bauer has enlisted the support of internationally renowned tattoo models and make-up artists, making this book a must-have for flower enthusiasts, tattoo addicts, and those who are both!

Text in English and French.
