- This beautiful photographic book takes the real, or daydreaming traveller, through Italy's most spectacular itineraries

Cities of art and culture that captivate. Villages at the top of tightly-knitted roads, or, stretched out across waves of vineyard-covered hills. Monuments, palaces, and cathedrals that chronical centuries past. A place where history is imprinted in every wall and enchantment found in every breath-taking landscape. A journey through Italy is always rich; it is a country with hidden treasures in every corner. This beautiful photographic book takes the real or daydreaming traveller through Italy's most spectacular itineraries. Taking time to describe not only the landscape and historical sights, but also the culture, traditions, celebrations, and specialities of each territory along the way.
