- A comprehensive look at the world's most diverse tropical rain forests
- Equally visual and informative, this book features both stunning photography and detailed texts
- A meaningful gift for anyone with an interest in nature, animals, travel, and more

With their breathtaking range of flora and fauna, rain forests are veritable treasures in the world of wildlife. Photographed by the award-winning photojournalist and conservationist, Christian Ziegler, *Jungle Spirits* is an ode to the tropical splendor of the planet's most diverse ecosystems, while also a call to action to protect tropical rain forests worldwide. Images captured across twenty countries and on four continents present a fascinating look at the globe's most celebrated jungles in all their lush glory. Through Ziegler's vibrant photography, readers journey through pristine landscapes; discover captivating creatures—including tree frogs, chameleons, bats, and more—and forge an appreciation for rare plants. Informative texts penned by Ziegler's partner and fellow conservationist, Daisy Dent, cover such fascinating topics as pollination, fruiting, and human impact complete the book. Driven by the duo's passion for preserving these natural wonderlands, *Jungle Spirits* is a stunning visual odyssey that will inspire any love of wildlife, botany, and environmentalism.

Text in English, German and French.
