Legendary Cars is a remarkable tribute to the greatest automobiles in history — from the vintage legends to the electric revolution. Featuring more than 250 breathtaking photos and insightful stories by renowned car journalist Larry Edsall, this book explores the iconic vehicles that shaped our world. A must-have for car lovers, design enthusiasts, and anyone passionate about the beauty of engineering on wheels.

Comprehensive Automotive History: The cars that changed the world — from Ford to Ferrari, Porsche to Tesla.

High-Quality Photos: A unique visual experience with more than 250 beautiful professional photographs elevated by commentary on each page on each car's design, engineering, performance, and cultural impact.

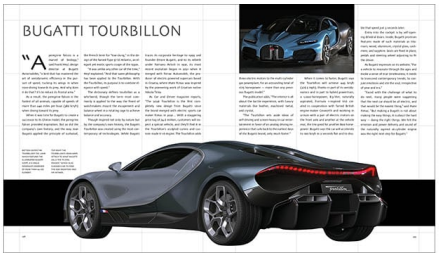

Immersive Reference Book: See the history of automotive innovation and all the technical details!

Large, High-impact Format: Oversized volume designed to capture the unique beauty of automotive icons.

Larry Edsall is a specialist automobile journalist that has worked 12 years for *AutoWeek Magazine*, the most prestigious American weekly dedicated to automobiles. Edsall has covered the most important motoring events across decades and tested a wide range of vehicles around the world, driving prototypes and production cars for well over half a million miles. For White Star he also wrote the book *Concept Cars*.
