A timeless classic comes alive with Francesca Rossi's gorgeous illustrations, now in a smaller format. What is the secret that lies behind the great, long-lasting success of a novel set in the United States during the Civil War and written way back in 1868 by Louisa May Alcott? It is probably the fresh, realistic, and lively personality of the protagonists of the story, the four March sisters (Jo, Meg, Beth, and Amy) whom readers cannot help identifying with who while growing up face the challenges and difficulties of life. The story of these four sisters, who are so different from one another and so realistic, with typical youthful shortcomings and dreams, is presented in this book in an original and modern way, thanks to the wonderful drawings by Francesca Rossi, an artist who knows how to render the full sense of the books she illustrates. Ages: 6 plus

Francesca Rossi graduated from the Scuola Internazionale di Comics (International School of Comics) in Florence. She publishes illustrated books for a number of Italian publishers, and designs book covers and posters. In addition to her work as an illustrator, she conducts workshops in schools and libraries, as well as making and decorating pottery. Francesca has illustrated many books for White Star, including *Classic Fairy Tales by Charles Perrault, Fairy Tale Adventures, Classic Fairy Tales by the Brothers Grimm* and *Around the World in Eighty Days*. Francesca lives in Italy.
