In this book the five prominent contemporary artists Marlene Dumas, Terje Nicolaisen, Nalini Malani, Georg Baselitz and Tracey Emin have each compiled a personal selection of Edvard Munch's drawings. Munch drew more or less daily throughout his long life and left behind approximately 7700 drawings. Each of the five selections provide a unique glimpse into this abundant material and is presented together with works by the artists, and an interview in which they reflect on Munch's drawings and their own art.
