- The book *Love* accompanies the eponymous exhibition at the Collezione Maramotti

This richly imaginative journey through Luisa Rabbia's work between 2009 and 2017, including an essay by Mario Diacono, traces the primary elements of her art: the use of the colour blue and fingerprints; interior dimensions that slide into the social; the connection between human beings and their surrounding environment. Text in English and Italian.

Published 27th Jun 2018
