- A monograph of works by sculptor Marialuisa Tadei

"Marialuisa Tadei succeeds in giving the mystery of life abstract form, implying that it transcends the nature in which it ordinarily manifests itself suggesting that it is unwordly – beyond space and time – like God's creative wisdom." – Donald Kuspit

Tadei's sculptures encourage the awareness of a vital and universal spirituality, leaving the mind free to find its sense of immortality. This monograph dedicated to the artist showcases her works, characterised by her bold use of colour and materials, including mosaic, glass, bronze and feathers, and by the lyrical and spiritual qualities of her artistic language.
