- Teaching kids about money is essential. Help them understand and manage it with this fun, engaging activity book – their first step towards financial literacy!
- Teaching financial literacy is so important that it is amongst the UN's Sustainable Development Goals!

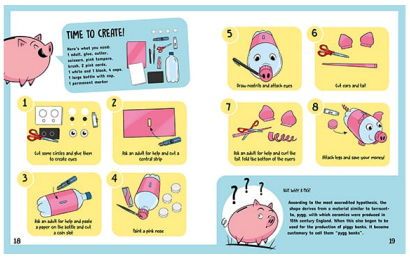

We often don't talk to kids about money – labelling it as a conversation for adults. Additionally, for some reason, money is often mixed up in ethical discussions. Educating children on how money works is an essential life skill. Helping them understand how it works and how to manage it. Help them take that first step with this fun and engaging activity book!

Age 8+

Mauriza Rubino is a freelance illustrator primarily servicing children's publishing and advertisements. She has published with several international houses.
