In *Dark & Dystopian Post-Mortem Fairy Tales*, Mothmeister pays homage to the muses who have sparked their alienating dream world. From artists worldwide, legendary figures, their collection of taxidermy to lurid places where their figures were born, such as the catacombs of Palermo, Pyramiden or the disaster area around Chernobyl. A special fairy tale world that flirts with the morbid, religious and grotesque and in which stuffed animals are brought back to life in an extraordinary way.

The dystopian dream world of the two-headed Belgian alter ego **Mothmeister** intrigues more than 250k Instagram followers worldwide. Their dark, non-stop mutating fairy tale characters pay tribute to taxidermy. The muses of Mothmeister? Their impressive private collection of stuffed animals, masks, costumes, numerous international artists they collaborate with and their untameable wanderlust.
