- Presented here for the first time, the life and works of the late Indian artist-jeweller extraordinaire Munnu Kasliwal

Munnu: Vision & Passion traces the creativity and vivacity of the late Munnu Kasliwal. Kasliwal's magical designs put The Gem Palace, his family's jewellery house, and India on the fashion map of the jewellery world.

The book follows the design journey of Munnu Kasliwal of The Gem Palace Jaipur, a jewellery house synonymous with luxury, sophisticated style, striking statement pieces, and exquisite craftsmanship. *Munnu: Vision & Passion* chronicles the metamorphosis of The Gem Palace from a local jewellery firm to an international jewellery house, an evolution synchronous with Munnu's life. From the creation of the 'T-shirt' necklace to dreaming up settings that fused gemstone and metal in unique ways, Munnu produced a new genre of jewels that bridged the historical past with an uber-stylish present.

While Munnu loved and admired traditional Indian opulence and grandeur, he brought a unique vision and passion, a rare sensibility and elegance to all his designs, establishing his unique style. To Munnu, a piece of jewellery was a beautiful creation, to be liberated from the confines of the conventional. Published as a tribute to Munnu, this book documents his design journey for more than two decades.
